

BM Webb Concrete is a locally owned and operated company, which services the Townsville community with a full range of ready mixed concrete products.

BM Webb Concrete operates within a fully accredited AS/ NZS ISO9001:2008 Certified Quality Management system and in full compliance with our OH&S policies and environmental responsibilities.

Our range of Concrete products are designed for all applications and we supply to industrial, commercial and residential building projects.

Our high quality concrete products are available across all MPA ranges including, but not limited to: 20, 25, 32, 40, 50 and also high performance precast concretes.

Our exposed and decorative range for driveways, paths, panels and features has it all.

To see how BM Webb Concrete can assist you, contact the Concrete Plant direct on (07) 4774 6607 or visit our website for more information at www.bmwebb.com.
