Brad's update

"A diplomat is some one who tells you to go to hell in such a way that you look forward to the trip."

Well, it's been an interesting few months to say the least. As everyone has seen lately, I have had a lot to say about the changes in the economy and why they are occurring.

I don't want to get involved in politics, all I want is to be allowed to work (as most Australians do). We are now in a situation where the mining industry has created a one sided economy and it is continually a challenge for government to manage a fair balance for the country.

We are in the midst of another major chapter in history. China is now the

manufacturing leader of the world, and will soon to be the world leader.

I have just arrived back from taking a delegation (CILTA) to China to show people that we as Australians are not as insulated as we think. Having also just been to Kenya, I see many things that continually open my eyes. The fact that China is continually starting to hedge its bets and ensure it has other suppliers in many commodities and countries shows that they are taking advantage of the fact that the cost of doing business in Australia, and many other

countries, is now becoming so over regulated and costly that bureaucrats are running the country.

The tail is wagging the dog, causing an imbalance. It's time we stood up and said to politicians to stop trying to get re-elected, we voted you in to get things done, not to campaign yourself for the next election. Make the tough decisions for the majority of the hard working Australians.

It's time the majority took back our country and stopped letting the minority rule.

2011 Townsville Show Machinery Display

BM Webb Group in conjunction with the Townsville Show Society coordinate the Agricultural and Industrial Machinery Display for the Townsville Show every year. Located inside the Kings Road entrance to the showgrounds, this year's display featured exhibits from Komatsu, Eagle Equipment, Westco Trucks, Tony Ireland Holden and BM Webb Group. Featuring a range

of equipment from Excavators to Trucks to Holden Cars, as usual, our exhibitors didn't disappoint. We would like to thank everyone involved for making the display a success. If you would like to register your interest for next years display, or for an information package, please contact event coordinator, Taryn at taryn@bmwebb.com or on 4774 7880.

V8 Supercars take over the city

V8 fever hit Townsville in July when the V8 Supercars came to town for the Sucrogen Townsville 400. BM Webb Group was no exception and joined in the celebrations, sending managers and staff along to enjoy the 3 day event.

Paul Tim So was one of the lucky few who went for a hot lap in one of the V8s, thanks to Kovek Security. Kovek Security has looked after the Group's security for many years and continues to provide the same great service today. Thanks to Brad Mobbs for giving Paul the opportunity to experience this once in a lifetime event.

Camp Quality Convoy for Kids

On Sunday 14th August, BM Webb Concrete and Transport entered trucks into the Camp Quality Convoy for Kids. The three Agi's and two prime movers joined the convoy to raise money for Camp Quality.

BM Webb Transport adds new trucks to its fleet

In early August, BM Webb Group took delivery of three new Kenworth T403 prime movers. One of the trucks will replace our existing Kenworth Truck and Dog while the others will replace two of our older trucks. Brown & Hurley Townsville supplied the trucks and as always provided exceptional service and quality.

BM Webb Group Transport Manager, Taryn Webb, was very happy with the trucks, saying "these trucks will help us lower the average age of our fleet, giving our drivers a smoother, easier truck to drive. Being new trucks they need less maintenance which frees up our workshop staff. The end result is, essentially, a more cost efficient, reliable means of transporting products to our customers."

Look out for these new trucks showcasing the BM Webb Group logo around town.

Service Recognition BBQ

On Saturday 16th July, BM Webb Group took the time to thank their long serving employees. The BBQ lunch event was held at BM Webb Precast and over 50 employees and their families joined in the celebrations. People who have been a part of the BM Webb team for 5 or more years were asked to attend the event and received a certificate and a gift

for their loyalty and commitment to the company. Paul Tim So was impressed by the attendance of so many staff and their families. He said it was great to see that we have people who are committed to the long term growth of the BM Webb Group.

BM Webb Group would like to thank the following people for their loyalty:

5 YEARS:

Matthew Allan
Kevin Allen
Wayne Anderson
Adam Beasley
Ramir Castro
Nestor De La Cruz
Remar Jocson
Richard Kupper
Michael Miquabas
Adam Pascoe
Paul Phillips
Liam Purcell
Justin Reid
George Sellen
Jeff Turner

10 YEARS:

John Grant
Kevin Stewart
Paul Tim So

15 YEARS:

Rodney Allan

25 YEARS:

Darryl Brown

team member profile

Jim Meehan

In this issue we would like to introduce Jim Meehan, BM Webb Group's Construction Manager. Jim has been with the Group since February 2007, starting as a Project Manager. With many years experience in the construction industry, he has a wealth of knowledge. His attention to detail and can-do attitude mean he gets things done on time and under budget.

BM Webb Group would like to thank Jim for his hard work and dedication.

Jim can be contacted on 0439 538 278 or jim@bmwebb.com
