Brad's update

In the first issue of our newsletter, I would like to take the opportunity to thank all the staff at BM Webb.

In August last year, BM Webb Group celebrated 30 years in business. Thank you to all my staff, from the guys in the field to the office staff, you all put in a tremendous effort and it doesn't go unnoticed.

BM Webb Group has consistently grown over 30 years, and we now own and operate a Concrete Plant, Precast Factory and Quarry, with many more great plans for the future. This Newsletter is one way to keep our clients, tenants and the local community informed about our products and services, as well as other important information about BM Webb Group.

Welcome

Welcome to the first edition of our Newsletter! We have developed this Newsletter as a way to keep you updated on the BM Webb Group and the range of products and services we offer. Every quarter, a new issue will be sent out with news on all of our divisions, including our Concrete Plant, Precast Panel Factory, Quarry and Construction projects. Please feel free to pass our Newsletter onto others and spread the word that we sell to the public! If you or someone you know would like to sign up to receive the latest edition of the Newsletter, please send your email or postal address to info@bmwebb.com and we will add you to our mailing list! Look out for our next issue available in July.

Our biggest construction project at the moment is the new facility for Brown & Hurley Group, Townsville. BM Webb Group and Brown & Hurley Group have a relationship that has spanned over 30 years. Len Roberts, Managing Director of Brown and Hurley Townsville, has become a good friend, as well as a valued supplier to our transport fleet. Go onto our website to stay updated with the progress of the construction of the new facility.

Enjoy our Newsletter and Thank You Townsville for your continued support over the past 30 years!

BM Webb on the web

BM Webb Group launched its new and very much improved Website in January! The Website has pages outlining all of our products and services and has a number of great features. By accessing our Website, you can now enquire about

Concrete, Precast and Quarry Products online, we have a job application feature where jobs are advertised and applied for online, there is a Properties for Lease section and a photo tour of our Quarry. Visit www.bmwebb.com and take a tour of the site today!

Visit our new website to stay up to date with all BM Webb Group news!

Thanks to Michael and the team at Oracle Studios who

worked with us to develop a fantastic website.

CCP at Cleveland Youth Detention Centre

The Cleveland Youth Detention Centre Expansion is a \$140 million project over 3 years, managed by Watpac. CCP are heavily involved in the project with electrical reticulation works.

“We are very happy with the service and all material delivered to the site has been of excellent quality. We will be starting to use concrete in the near future, and will definitely use BM Webb Concrete when we start,” Bryce Swindells of CCP commented on BM Webb Group’s products and service.
